Story Improves With Age Fantastic New Legend Started With Arrival of Jap Balloons

REGINA, June 1.—(CP)—The few Japanese balloons which have descended in the Canadian prairies since the war have started a fantastic new legend the old-timers of 1899 will tell their children, travelers said today.

The legend goes on to say that the Chinese are chasing him yet and the prairies at last have a Chinese counterpart of the Wandersnapper.

100,000 Dutch Japs Reported Wiped Out

Was Reserve Officer

Appointment CFEF Leder Is Tribute to Reserve Army

By ROSS MUNRO
LONDON, June 1.—(CP)—Appointment of Maj.-Gen. B. M. Hoffmeister, 58, of Vancouver, to command the Canadian Far East Force underlines the strides the reserve army has made during the war.

A sales manager for a lumber firm before the war, Gen. Hoffmeister was a reserve officer and his appointment to the new No. 1 Canadian field command is a tribute generally to Canada's wartime soldiers.

The army in Holland and Germany practically took for granted that a permanent force general would get the command but during

Intimidation Charge Raised By CCF Leader

charges bring into question the conduct of members of the Ontario CCF branch relating to the conduct of what is known as the special branch and as Constable Rowe was attached to this branch recently, I am not prepared to consider recommendation of the lieutenant-governor-in-council of the acceptance of Constable Rowe's resignation until the Royal Commission to deal with the charges of the leader of the opposition has discharged its business.

Mr. Joffile said Rowe was called to the commissioner's office last Tuesday and there, in the presence of the commissioner, C. R. Magne, senior official of the attorney-general's department, and a shorthand reporter, he was told that he was charged with giving information to the leader of the opposition.

Such "kangaroo court" proceedings indicated the Drew government's desperation, said Mr. Joffile.

Sharing the platform with the Ontario CCF leader and party provincial and federal candidates were Premier Douglas of Saskatchewan and Mrs. J. S. Woodsworth, widow of the first national leader of the CCF.

DOUBTS SECRET POLICE OPERATE IN ONTARIO
TORONTO, June 1.—(CP)—George McCullagh, publisher of the Toronto Globe and Mail, said last night, "I had never heard of

a secret political police" in Ontario when Provincial CCF leader E. B. Joffile charged that such an organization operated in the province, "and I do not now believe it exists."

"Mr. Joffile just told me," Mr. McCullagh said in a radio address over a CBC provincial network, "he deliberately tried to build the impression that I knew of and was associated with a secret political police; that I knew and was associated with the alleged head of that police, a Capt. William J. Osborne-Dempster."

DID NOT KNOW DEMPSTER
"I have never met and in fact I had never heard of Osborne-Dempster until Mr. Joffile used his name on the radio."

Referring to Mr. Joffile's speech in Toronto Wednesday when the CCF leader quoted affidavits which he said supported his charges, Mr. McCullagh said the evidence "was based on hearsay and was largely that of a third person."

"There was not a single document to connect the prime minister (Premier Drew) or the attorney-general (Hon. Leslie Blackwell) with the alleged charges he brought against them."

SAYS GESTAPO PROBE WILL COME TOO LATE

Actual Figures Not Known

Nearly 10,000,000 Persons Victims Of Nazis' Extermination Program

SUSIE Q. SMITH—"Ah, spring! When a young man's fancy turns to love—OF BASEBALL!"

—Michael Hepburn, Ontario Liberal leader, said yesterday the people of Ontario "will have to wait to the polls June 4 without knowing the truth" about charges by Ontario CCF leader E. B. Joffile that Premier Drew maintained "a paid political Gestapo" in Ontario.

This, he said, was because the Ontario premier had appointed to head the royal commission investigating the charges "a judge who will be tied up for about a week."

MUST FINISH DUTIES
"Announcing the royal commission investigation the premier said Mr. Justice A. M. Ladd will begin the inquiry 'as soon as he can complete his duties at Windsor where he now is sitting as assize judge.'"

Mr. Hepburn, who spoke in support of C. Benson, Liberal candidate for the provincial riding of Victoria, charged the premier with conducting "a political dictatorship in Ontario" during the last legislative session and said his attitude to opposition members had been "arrogant."

He again attacked the premier for "conducting a mass immigration plan" to bring settlers to Ontario from England and said "on Monday the people of this province are going to denounce Drew's immigration policy at the polls."

By ROMNEY WHEELER

LONDON, June 1.—(AP)—The world never will know the exact total of human lives sacrificed to Germany's incredible program of mass extermination and organized torture, for the Nazis went to extraordinary pains to destroy records and evidence.

But Allied military authorities and Soviet-sponsored state investigating commissions have established tentative estimates of not fewer than 8,660,000 persons slain or starved to death in Nazi camps—and these figures are admitted to be conservative and incomplete.

They include the vast extermination centres of Poland—Chelmno, where Soviet reports say not fewer than 400,000 men, women and children died; Maidanek near Lublin, where the Russians say 1,500,000 were killed; Treblinka, with 300,000 deaths; and Stutsk, with 300,000. They include also official Soviet reports on mass murders in Latvia, Estonia and Lithuania. The Warsaw Poles have announced 1,500,000 were murdered by the Germans at Chelmin in the Kolo district of western Poland.

INCOMPLETE TOTALS
There are only sketchy or incomplete figures—or no estimates at all—for the horror camps liberated by the advancing British and American armies.

Buchenwald, for instance, had 13,000 deaths in February, March and April of 1945. How many more in the four previous years?

All these deaths and the maiming of many other persons were directed by S.S. Leader Heinrich Himmler, chief of Germany's deadly Gestapo, Reichleiter of the German police, minister of the interior and commander-in-chief of the German home army.

But this man whose orders brought death to millions never personally killed a single one so far as is known. His reputation created mass terrorism, yet he never swung a lash. He doubly made homicide an industry, yet he never pulled a trigger or turned a valve of a gas chamber.

When final estimates of Himmler's organized extermination program are completed, responsible sources believe the deaths will exceed 10,000,000.

Coldwell Claims Reconstruction Pledge Broken

ST. CATHARINES, Ont., June 1.—(CP)—The Liberal government in organizing its reconstruction department, failed to fulfill a pledge of Reconstruction Minister Howe to take Labor into partnership.

Mr. Coldwell, continuing a tour of Ontario centers, addressed meetings in Welland and St. Catharines and at both gatherings reaffirmed his party's unwillingness to form a coalition with the Labor-Progressives whom he termed "reactionary."

He referred to reports that Research Enterprises, Ltd., a government-owned plant at Leaside, Ont., which produces radar equipment and optical equipment—was being turned over to a private glass company.

SHORTCUT TO LAYOFFS
"I know of no shorter cut to mass lay-offs than to turn war plants over to private interests," he said.

A CCF government would keep such plants in operation under public ownership.

"During the war labor was on the outside looking in," he continued. "It is Liberal party policy to keep labor out of the councils where the big decisions are made. Look at War Assets Corp. which the government has set up to handle \$100,000,000 worth of war plants and surplus war goods. Not a single labor representative sits on the board of directors of that corporation."

"Labor, like the farmers, is kept at a safe distance when on profit on monopoly business are at stake; but remember this, the jobs of the workers are also at stake."

Non-such Personnel Lead Victory Loan

Once again MMCS Non-such at Edmonton has topped all other RCNVR divisions in Canada by achieving 54.2 per cent of its objective in the Eighth Victory Loan. This is the third loan in succession that the Non-such crewmen have continued top spot in the RCNVR division. It was announced Friday by Lt.-Col. J. A. Dawson, commanding officer.

Total sales to personnel at the ship were 202 per cent higher than the ship which achieved second place.

The objective set for the Edmonton ship for the Eighth Loan was reached almost immediately after the campaign opened and the crew kept selling their rights on higher quotas as each successive one was reached.

Condemns System Crime Punishment Used by Canada

VICTORIA, June 1. — (CP) — Prisons and prison conditions in Canada were condemned by Hon. R. W. Craig, former attorney-general of Manitoba and member of the Royal Commission which investigated the penal system of Canada in an address before the penal reform conference here Wednesday night.

Mr. Craig said many Canadian prisons "are nothing but criminal colonies and sanctuaries for crime."

"In Canada we have one remedy for different offences and offenders and we all see to it that it is applied in different doses," he said.

Lt.-Col. R. W. Hale Ends Term Lt.-Col. G. D. K. Kinnaird To Command City Regiment

Lt.-Col. R. W. Hale, MC, ED, area commandant and commanding officer of the 2nd (R) Battalion, The Royal Edmonton Regiment, since its formation in June, 1940, will relinquish command of that Reserve Army unit on June 21 this year, having completed his five-year tenure of command.

Lt.-Col. Hale made the announcement Friday morning on authority of Col. E. R. Knight, VC, Calgary, commander of the 1st Reserve Brigade Group.

At the same time Lt.-Col. Hale announced on behalf of Col. Knight,

AREA COMMANDANT

Lt.-Col. Hale will continue in his post of Edmonton area commandant, but sever all connection with the 2nd (R) Battalion, The Royal Edmonton Regiment.

Lt.-Col. Kinnaird announced Friday that Maj. M. J. S. Palmer, who has commanded A Company for the past three years, will assume the post of second in command of the battalion on June 22. Maj. Palmer has also been connected with the unit from its beginning.

All three officers are veterans of the First Great War, when they were members of the famous 48th Battalion CEF, the parent battalion of which the 1st Battalion, The Royal Edmonton Regiment, now in Europe is the perpetuating unit.

The late Maj. Gen. W. A. Giesbach, CB, CMG, DSO, VD, was the original commanding officer of the 1st Battalion, and was honorary colonel of the 1st Battalion and 2nd (R) Battalion. He was also president of the 48th Battalion Association.

Serving in the 2nd (Reserve) Battalion of the regiment are many men who served overseas with both the 48th Battalion, and the 1st Battalion of the perpetuating unit.

When Lt. Col. Hale took command of the regiment in 1940, he undertook and carried out successfully the huge task of organization and administration of a unit which was recruited "over strength" in a few weeks. He acted as his own adjutant and quartermaster in the early stages and personally supervised the training of all ranks. Later he took a course of staff college at the Royal Military College, Kingston, and on his return to Edmonton passed the knowledge he had gained along to all his officers.

Although he demanded and received top efficiency from those under his command he was nevertheless highly popular with his officers and men. He was responsible for training more than a thousand officers and other ranks who went through the unit into active service, as well as reinforcements to the 1st Battalion, Loyal Edmonton.

He was the first Great War Lt. Col. Hale served as a company commander with the original 48th. He was the Military Cross for gallantry at Cambrai on October 9, 1918. He was awarded the Efficiency Decoration two years ago.

LONG SERVICE

Lt. Col. Kinnaird, who holds the long service medal and the Efficiency Decoration, has spent nearly 20 years in the Canadian Army. He has served with the 3rd CMBR and the 48th Battalion in the First Great War and later was identified

Tension Grows On Russo-Jap Asia Border

By JOHN KIMCHE

LONDON, June 1. (AP)— Signs of growing military tension on the Soviet-Manchurian frontier are increasing.

The Japanese are moving large bodies of troops from southern and western China into the Manchurian border region. This accounts in part for the rapid Chinese advances through the importance of the Yungling (Nanking) and southwest. The Japanese would not have abandoned this line without determined resistance if they had not for some weeks and the Japanese garrison in Manchuria has been substantially increased above its normal 26 divisions.

RUSSIAN MANOEUVRES

The announcement from Moscow that "the Soviet Siberian army will move into camps for summer manoeuvres early in June," has a somewhat demonstrative ring against the background of the Japanese troop movements. The summer is the traditional campaigning season on this border; almost all the front-line divisions of the war years took place between June and August.

Japanese regrouping is evidently aimed to reinforce the active courting of the Soviet Union which has been the main pillar of Japanese political warfare since the collapse of Germany. They are trying hard to convince the Russians that they would not pay the Soviet Union to enter the lists against Japan.

According to well-informed diplomatic circles, the Japanese are believed to be prepared to make territorial sacrifices to the Russians in their anxiety to keep them out of the Pacific.

The Japanese are also believed to be prepared to cede southern Sakhalin and the Kurile Islands to the Russians, according to these reports.

Annihilation Drive Opened on Luzon

By DON CASWELL

Manila, June 1. (BUP)— American and Filipino troops opened a drive today to annihilate 30,000 Japanese troops trapped between them in the Cagayan valley of northern Luzon.

A spokesman at Gen. Douglas MacArthur's headquarters announced that the U.S. 6th Army for the Japanese—the biggest remaining force in the Philippines—had been cut off by Filipino forces moving down from the northern coast.

Several hundred Japanese who attempted to fight their way across a river between Agaña and Tuguegarao on May 26th were turned back with heavy losses by the Filipino fighters, the spokesman disclosed.

In Mindanao, the 31st Division opened a three-way attack on Japanese forces holding out in the hills east of Malaybalay in the central part of the island. The 31st gained seven miles.

B-34 Liberator bomber of Lt. Gen. George C. Kenney's far eastern air force resumed their attacks on Pampanga after a week's lull caused by bad weather.

Suicide Bomber Hits U.S. Vessel Off Okinawa Isle

WILLINGTON, Calif., June 1. (AP)— The United States destroyer Zella docked here yesterday with a 20-foot hole in her superstructure inflicted by a three-man Japanese suicide bomber attack off Okinawa April 12.

Lt. Charles Shibley, Rose Point, Mich., fire control officer, said 34 were killed, 36 wounded and two reported missing after the bomber skipped a bomb at about 1,000 yards into the Zella, then crashed on deck, killing the three Japanese.

With the 19th Air Force Douglas on June 1, 1940, when he became affiliated with the unit which he will soon command.

He has a daughter, Catherine, serving with the WACs, and a son, Jack, was killed in action over Germany while serving with a RCAP Spitfire Division.

Buchenwald Health Centre Horror Camp Now Gay Place

BUCHENWALD, Germany, June 1. (AP)— Once a place of terror and horror, its name a byword for Nazi depravity, Buchenwald now is a scene of laughter and gaiety.

In less than two months, American management has converted the dreaded concentration camp into a health shelter for displaced persons from 28 countries including 1,000 Jews, 2,500 anti-Nazi Germans, 1,500 Czechs, and approximately 8,000 of other nationalities.

Every day long convoys of motor trucks leave Buchenwald loaded with refugees bound for their native lands.

By order of the Allied military government, nearby Weimar has furnished 300 abandoned women daily for a term of duty at cleaning up Buchenwald's filthy barracks. These women are clean and orderly, and food is dispensed in healthy surroundings.

The public address system, over which brutal Hitler Guard officers once barked their orders, now blares cheering music in the ear of the camp occupants.

Army Draftees' Postponements Are Extended

OTTAWA, June 1. (CP)— The labor department announced last night that it no longer was necessary for a man on postponement from military training or his employer to request from mobilization registrars a renewal of postponement.

A statement said that mobilization registrars are at present sending letters to all men on occupational postponement under the military call-up, advising them that while their postponements are "extended until further notice," they are not to be changed by their jobs.

CONTINUE AT JOBS

Commenting on the move, Labor Minister Mitchell said that maintenance of production required that men on postponement continue at essential jobs because of which their military training was postponed.

Referring to postponements for farmers, Mr. Mitchell said that "the future will produce all the food nature will provide so the labor department will spare no effort to see that Canadian farmers and workers, who have done so splendidly in past years, are given the help of every available man."

No men now in agricultural employment, according to existing law may leave farming work without a permit from an employment officer, and all officers across Canada have been instructed to check any suggestion of a movement from the farms.

United Nations Prepare Trials War Criminals

LONDON, June 1. (AP)— The United Nations War Crimes Commission was told last night that the United Nations is preparing a list of accused criminals for submission in full with every case "ready for immediate trial."

P. H. R. Kent, British delegate to the commission, made the disclosure while telling the commission of difficulties encountered in dealing with the masses of evidence uncovered by the recent liberation of Allied prisoners of war.

Mr. Kent's statement came shortly after Lord Wright, chairman of the commission, had called for speedy prosecution and punishment of nearly 100,000 persons charged with war crimes by 11 Allied countries.

Royal Navy Losses Total 750 Vessels

LONDON, June 1. (CP)— A total of 750 British naval vessels, including three battleships, two battle cruisers and eight aircraft carriers, have been sunk or destroyed in the war, the admiralty announced yesterday.

Another 812 warships flying Dominion or Allied flags—including the United States—have been lost by enemy action or marine hazards in all theatres, the statement said.

Losses of light coastal ships and landing craft were not included in the figures.

The battleships lost were the Royal Oak, the Barham and the Prince of Wales. The battle cruisers were the Hood and the Repulse.

AN OPEN LETTER TO CANADIAN EMPLOYERS...

PUBLIC INFORMATIONAL ASSOCIATION

1800 KING, ONT.

P.O. BOX 178

On Election Day, Canadian voters will be called upon to decide not merely what party they want in office, but whether to change our entire system of government. The decision will be tremendously far reaching and will affect the destiny of this country for years. . . . If not for generations.

Employers have the opportunity, if not the actual responsibility, of helping their employees to post themselves on this issue of "State Socialism" . . . so that their verdict at the polls will be based on knowledge and conviction, rather than prejudice or mere discontent.

Someone has said: "We greatly underestimate the knowledge of the masses, but greatly underestimate their intelligence." We assume that the people know what it is all about when they do not. Then we condemn them for their decisions. . . . Although we do nothing to help them reach these decisions intelligently. Surveys show that the people of Canada do NOT know what State Socialism stands for.

Here are some of the things which you, as an employer can do to stimulate their interest.

1. Assist employees to get the facts about State Socialism, so that they will appreciate just how . . . if it becomes our system of government, it would affect their own future.
2. Encourage discussion groups . . . Distribute literature and bulletins as a basis for discussion.
3. Make sure employees are given sufficient time off to vote on Election Day and WFOB them to exercise their franchise.
4. Impress upon every individual that it is more important to know for WHAT they are voting than for WHOM.

The advocates of State Socialism are conducting an intensive campaign to influence voters. It is in your own interest as well as the interest of the country to make sure that your employees get both sides of the story before Election Day and then have every chance to vote ON Election Day.

SEVEN walks were issued at Rentreux Park on Thursday night and five of the walks eventually crossed the plate — four of them on clutch clouts by Norm Carney and Doug Stevenson. But in spite of the costly free tickets, last night's was the best pitched game of the season.

Walter Johnson, Bill Gault and Hal Stafford permitted only seven safe hits between them and together they marked up 15 strikeouts. Johnson was nipped for a single in each of the first three frames, but thereafter was untouchable and the four safeties off Stafford and Gault also came in separate innings.

The Dodger triumph has lightened the senior circuit and both Yanks and Dodgers are now only a game and half away from Capt. Clarence Archer's league-leading Signaller. Should Arrows win Saturday they will be deadlocked with Signaller and Sunday's affair between Yanks and Dodgers in addition to temporarily settling the cellar question, will lift one club into second place or into a tie with first, depending upon the outcome Saturday.

HIT MEANT BALL GAME
DOUG STEVENSON chose a very appropriate time, from the Dodger point of view, for his first hit of the year. Doug hadn't been able to make the right formula up to last night, but the tying and winning runs rode home on his single late left field during that fourth frame.

Jack Carney made his first appearance in a Dodger uniform and collected two of his club's first hits in three at-bats. In addition he also drew a walk which had the bases all cluttered when Ken McArthur was awarded a free ticket. Jack also

Dodgers Register 3-2 Win Over Arrows

Only Three Hits Made Off Johnson

WALTER JOHNSON limited Arrows to a trio of safe hits and Dodgers carved out a 3-2 victory in their first victory in three starts in the Senior Baseball League schedule.

Bill Gault and Hal Stafford also were one strike each during only two hits which Gault walked a quartet of Dodgers in the fourth inning forcing the game run.

Stevenson then came through with a clutch single scoring two more sufficient to assure a win for the Chuck Henderson crew.

Johnson walked the two men to face him and both eventually crossed the plate but from there on Dodger bats floundered and hit singles in the second and third frames, but just 13 men faced the Dodger right-hander in the last six innings and he struck out four of them.

Gault retired six on strikes in the fourth and third frames he worked out a shut-out, but six and a half runs were earned.

Both Read and Gault first were walked by Johnson and then Gault walked Ed Gault. Johnson then hit 25 young men the original National. In 1942 first destroyed the old White Sox team they had won for 22 years and since then they have been using the name White Sox since his arrangement.

Chicago's Grays are the oldest established Negro team in the city. They are just entering their 30th year of organized ball, and are 14 years older than the American League and 21 years older than the original National. George Green first drew a walk, but he went out at first when Shandro walked the ball to first trapping the Dodger right-hander off the bag. Jack Carney, playing his first game, then struck out both Superstar and Stevenson.

Dodgers went out in order in the third but Shandro, Brockie, Jack Carney and McArthur drew bases on five free tickets to first, giving the team a 1-0 lead.

Henderson then walked a single into left scored in Brockie and then walked Brockie to second. Stafford retired Gault and struck out Ted Taylor, Brockie and Johnson at first to retire the side.

Stevenson then walked a single into left scored in Brockie and then walked Brockie to second. Stafford retired Gault and struck out Ted Taylor, Brockie and Johnson at first to retire the side.

For About Three Furlongs New Track Record at Calgary

By LOU DAVIES
CALGARY, Alta., June 1. — One track record was broken and another equaled at Victoria Park, Thursday afternoon, as Calgary's 12 day spring race meeting moved into its second half.

Running in the form that characterized her performance earlier in the week, the 2-year-old filly won the five furlongs, M. J. Perc's Mary Malone equaled the 6 1/2 furlong mark of 1:21.25 in winning the "King of the Ring" allowance purse with ease.

Opening up a six length lead in the early part of the race, Mary Malone coasted home 2 1/2 lengths in front of Koway.

Three-hitter — Walter Johnson shut out the Arrows with three straight Thursday night as his contribution to the first Dodger win of the year. Arrows went down in order five and a half innings and just four batters faced Johnson in the sixth.

Liberals Sure Of Ten Seats In Manitoba

By B. A. TOBIN
Exclusive to The Edmonton Journal
WINNIPEG, June 11 (UPI)—Liberals in this province, who won 15 of their candidates to the Commons in 1960, are confident of retaining 10 of the seats beyond question, and figure on a fighting chance in five of the remaining seven ridings.

The figure of 10 Liberal seats is frequently heard in casual discussions, but non-partisan observers stress that the coalition government has become a hard one to predict with certainty, and they agree that the last ten days of the campaign could bring about important changes.

GENERAL AGREEMENT

There seems to be general agreement that CCF candidate Stanley Knowles will easily retain the Winnipeg North Centre seat which he swept with a large majority in the 1962 by-election following the death of his party leader, C. St. Denis.

There is less agreement about the chances of Progressive Conservative leader John Bracken in Winnipeg constituencies where he has never yet lost an election picked up easy riding for his first attempt to enter the House of Commons. He is opposed by Liberal F. D. MacKenzie, who held the seat with good majorities since the general election of 1955 and a CCF candidate, C. Wood.

Bracken has based his local appeal in this rural constituency on his background as a man of the soil, but in this regard he has been helped by Wood's record of activity in the Manitoba poultry pool, Pool Elevators, and other agricultural cooperative organizations. Wood, however, has a poor third in Bracken's 1960 federal election, and has been turned back in other attempts to enter the house.

MAY TAKE SEAT

It is felt in Winnipeg that Bracken may take the seat, in this province where legislation he has introduced for 30 years, but his majority is expected to be small.

The seats which Liberals claim as "in the bag" are—Provencher, Lacombe, St. Boniface, Portage, La Prairie, Marquette, Brandon, Dauphin, Winnipeg South and Winnipeg South Centre.

Present member for Marquette is Resources Minister James A. Glen, who is Speaker of the House of Commons, and won his seat handily in 1960 as an independent candidate. James W. Egan, who this time opposes him as a CCF candidate.

A Progressive Conservative candidate, A. G. Webb is also in the fight.

In St. Boniface, across the Red River in Winnipeg, Liberals took the 1960 contest with a better than 4,000 majority. But today they face popular Mayor Gordon MacLean, who is running for the Progressive Conservative Party, as well as Social Credit, CCF and Labor Progressive candidates.

BRANDON CONTEST

The last political contest in Brandon—a provincial by-election in November, 1962—was won narrowly by a narrow margin over a

Tribute Paid To Ministers Of King Govt.

A tribute to members of Canada's wartime cabinet was paid Thursday night by Mrs. Cora T. Caselman, Liberal candidate for East Edmonton in the Dominion general election of June 11, when she addressed a meeting in the IOOF hall on 97 street.

The meeting, under chairmanship of William O'Connell, president of the East Edmonton Liberal Association, was attended by about 100 persons.

In referring to the leader of the Canadian war cabinet, Mrs. Caselman said that Rt. Hon. Winston Churchill, as prime minister of Great Britain, had had words of wisdom on several occasions for Prime Minister Mackenzie King. "They are personal friends and each values the other's good qualities," she said.

"During these last few weeks, I have watched Mr. King among the leading statesmen of the world at San Francisco and have heard expressions of opinion about him and his work. It has made me very proud of our leadership here," she declared.

SOCIAL LEGISLATION

Mrs. Caselman said that much of Canada's labor and social legislation was the work of the prime minister. She told the gathering that Mr. King's knowledge of public affairs was tremendous and his experience in the international field had been an immense contribution to the cause of humanity. She recalled that one of the prime minister's nephews, Sir George L. Mackenzie King, had died in the sinking of HMCS St. Catharines while he was serving in the navy while a third was in the meeting.

The speaker referred to other members of the cabinet, particularly those who have studied legislation to benefit the veterans of the war.

Hon. C. D. Howe, minister of munitions and supply and minister of reconstruction, was mentioned in the invasion of Europe and the post-invasion war.

Hon. Ian Mackenzie, minister of veterans affairs, is a veteran of the First Great War. Hon. Colin Clark, minister of national defence and air, veteran of the last war, whose three sons have been active service in this war. Hon. Humphrey Bogart, minister of labor, veteran of British Navy operations in the last war. Hon. Louis St. Laurent, minister of justice, whose son and daughter are both in uniform. Hon. E. G. Gardiner, minister of agriculture, whose son was posted missing five months after D-Day.

"And so it goes through the list of cabinet ministers," Mrs. Caselman declared. "Most of them have been soldiers themselves or have sons in the services."

She said it would probably be one reason why so much thought had been given to providing benefits for ex-servicemen.

RECONSTRUCTION PROBLEMS
The speaker dealt briefly with the work of the parliamentary committee on reconstruction which heard all kinds of reports presented in order to gather up material on which to base industrial, economic and cultural programs.

She said the Liberals know there is no magic formula for prosperity or for reconciling the different viewpoints of the various units came, she said, through consultation of all that the people have a nation. "We have kept faith with the people, and our leaders are experienced, able and ready to give that continuity of service which will best advance the interests of all Canadians."

Mrs. Caselman quoted from a letter signed by Ernest Ingram, London, Ont., chairman of the Trades and Labor Congress of Canada, which pointed out that "there is danger that a new group, put into power at this time, might have policies that might have no relation whatever to pledges that an overwhelming number of people of this country put their faith in."

She said that statement emphasized the need for legislation for the welfare of all, rather than for "classes," which she said, new group might do.

Holidays With Pay Are Recommended For East Miners
OTTAWA, June 11 (UPI)—Pay with pay for some 12,000 Maritime coal miners was recommended yesterday in the report of an industrial disputes commission appointed to investigate differences which have resulted in a strike in Nova Scotia and New Brunswick.

In releasing the report the labor department said that because of the recommendations, the executive board of the Industrial Disputes Commission (IDC) had decided to extend their contract with the operators until June 15 to permit a referendum among the miners.

President of CCL Backs CCF Party

TOBACCO, June 11 (UPI)—A. B. Mosher, president of the Canadian Congress of Labor, in a radio address last night said "The war has shown clearly that only through the extension of the principle of public ownership, operation and control over all aspects of industry will it be possible to bring into being the social order which has been promised."

The broadcast was sponsored by the CCL political action committee and was scheduled for emission over a series of stations from coast to coast.

Mr. Mosher said "It is utterly ridiculous to say that what has been done in war can be done in peacetime... The achievements of Canada during the war were due primarily to the fact that production was controlled and coordinated and directed toward a common purpose."

"The CCL alone offers to the workers, the farmers and the people of Canada generally, a way of escape from economic failure, and, further, and assurance of education, health services and full opportunities of attaining the desired satisfaction of life."

15 Persons Hurt In May Accidents

There were 42 traffic accidents in Edmonton during the month of May, at a cost of 15 persons injured, Sgt. A. E. Woodwards, head of the city police traffic department, reported Friday. No death occurred in a traffic accident was reported. The figure compares with 65 accidents in May, 1964. Nine persons were injured that year, with no one killed.

Protests Lifting Of Reduced Fee

Protest against the suspension of the special admission rate given to the men and women at Edmonton's three swimming pools was voiced Friday by W. J. Williams, vice president of the Canadian Legion.

A. W. Haddock, city engineer, under whose direction the pools are operated, said that the special reduced rate in operation last year had been suspended because of the extensive light payments from the city. He said that the matter was being reviewed, and it is probable that the reduced admission rate will be restored.

First peacetime honeymoon season is swinging into its stride at Niagara Falls, Ont. Americans by the score, like Pte. and Mrs. Vic Roventini, Brooklyn, N.Y., cross the border.

No time during war, servicemen are now having their real honeymoon at Falls. Pte. Bob McCallum, Wallaceburg, Ont., is about to hoist his bride into a surrey.

Looks like boom days are ahead for Niagara Falls. Times may change, but you can always pick out honeymooners like Mr. and Mrs. Garnet Pottroff, RR 1, Stoney Creek, Ont., who gaze at each other over a single soda.

Officials believe this will be the biggest in five years for honeymooners. Another U.S. couple, Seaman and Mrs. John Nugter, Morse, La., carve their initials in a tree for future reference.

STICK-UP IS O.K.—It would be a pleasure to be held up if two-pin Diana Lewis did the stick-up pin. The actress is shown as she was garled for a bond-selling job during the annual four-day Wildorado celebration at Las Vegas in Nevada.

IT'S SPRING AT THE ZOO—BUT BE CAREFUL!

The photographer is being plenty careful as he leans over the parapet for a close-up of Jolly, a polar bear at Toronto's Riverdale Park zoo. Jolly's not quite as harmless as his name indicates.

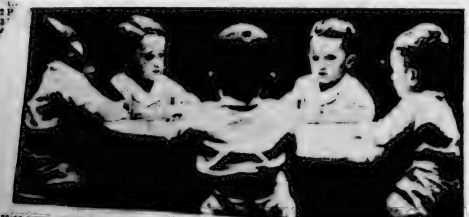

Here is Jolly as the photograph was snapped. Just to get the right expression, the cameraman tossed in a steak. There isn't much that Jolly likes better than steak—raw, of course.

EX-PRISONERS OF REICH—These 22 repatriated prisoners of war, representing every province from the Maritimes to the Pacific Coast, spent tragic months as captives of Germany. URGENT ASCERTAIN STAND

The fog simply was burned off the airbases by means of ingenious burners driven along the runway edges by light.
